

Isla's Family Tree

Spilt pin paper doll cut out set.

You will need

Two sheets of A4 card

Scissors

Mini brads or small split pins (I bought mine from Lincraft)

One drawing pin

Directions

Download the file and print it out on a colour printer.

Using the drawing pin pierce the card on Isla's body where you see a small circle. (This is easier to do before you cut out her arms and legs.)

Carefully cut around each piece and assemble Isla.

She can carry the twins tucked under her arms and carry her cat and teddy too!

Can you think of a good name for Isla's cat?

I hope you enjoy Isla's family tree and have lots of fun making the paper doll. P.P
